Tax Rate 2010-2019

FY 2020 Estimated Tax Rate \$21.70

| | | Proposed F | Y 2020 Capital Projects |
|---------------------------|---|---------------------|--|
| Dept. | Name | Recommended funding | Notes |
| Health | Allen Street Landfill Closure | \$75,000 | Pursuant to a 2004 MassDEP Unilateral Administrative Order, the Town had an Initial Site Assessment completed by Tighe & Bond. on the completeness of the Comprehensive Site Assessment Scope of Work is being reviewed by MassDEP. We will then have to prepare a Corrective Action Design, which is essentially a construction outline for capping the landfill. The rough estimate for the entire project of \$1.5 million includes all engineering, design, construction, contingencies and land acquisition. As with all sites of this nature, there are many unknowns and any risk to the public health caused by contamination from the landfill could steer this project in a multitude of directions. |
| Fire | Ladder Truck Lease-third year | \$214,787 | Ladder truck's third year of 5 year lease. |
| Fire | Ambulance Lease-third year | \$91,947 | Ambulance's third and final lease payment. |
| Police | Purchase and equip 2 Cruisers | \$82,000 | Replace 2 first responder cruisers. |
| School - HS | Asbestos Removal & Carpet Replacement in Athletic Offices | \$24,162 | The carpet in the athletic offices is over 30 years old and needs to be replaced. Employees have complained about respiratory issues due to a concern of possible mold in the carpet. The space has been emptied due to the health concerns. In order to remove and replace the carpet, the asbestos glue will have to be removed. |
| Information Technology | Replace 8 Town Switches and 2 Routers | \$70,122 | All of the switches on this replacement are end of life, end of support which means if one fails we cannot call support for help and they will not warranty them. Also, the routers that are on this replacement list are end of support which means that we will not be able to upgrade our voice servers to newer versions due to the routers being too old. Switches for Town Hall, Library, DPW, and COA. Routers for COA and Police Dept. |
| Information Technology | 1:1 Chromebook Devices | \$300,000 | This is the funding request for the schools' 1:1 project. The 1:1 project will put a Chromebook in every student's hand, from grade 2 up. New devices and replacements total a need of 1,263 Chromebook needed. |
| Public Wks - Equipment | Purchase and equip John Deere 3038E Tractor | \$27,510 | This new request is for the replacement of a 1988 John Deere 950 tractor which is used for maintaining all athletic fields throughout the district. We have spent the past year trying to locate parts online and through dealerships without success. We have exhausted all recourses, therefore the new request. This piece of equipment is necessary for the maintenance of all fields for fertilizing, seeding, aerating, cutting and rototilling. We will not be able accomplish these tasks without this new purchase. |

| Information Technology Information Technology Information Technology | Student MacBook Replacements Student iPad Replacements Chromebook Replacements (exempt from 1:1) Staff MacBook | \$30,000 | The committee felt that although we need to plan for replacements, the amount requested, along with the other IT requests, could not be fully funded. We are recommending funding a flat amount for "replacements" and fund a flat amount annually (similar to how we fund the police car fleet). |
|---|--|-----------------|--|
| Technology Information | Replacements 145 Phone and 4 Voice | \$38 107 | We have 145 phones that are end of life, end of support. This is to replace |
| Technology | Router Replacements | 400,101 | phones in Town Offices and Schools. |
| Public Wks- Equipment | Purchase and equip Bobcat #53 | \$46,000 | The new bobcat will replace a 1990 version of this piece of equipment. The current unit is used primarily in the yard given the age and unreliability. Currently the bobcat is inoperable and has been for the past year. Repair costs are upwards of \$10,000 so it is impractical to repair. |
| Public Wks- | Annual Sidewalk | \$50,000 | The project request is for funding to allow the DPW to continue with |
| Highway | Construction | | implementation of the Town's Sidewalk Master Plan. School children that walk to school may need to travel on the road shoulder and lack of sidewalks may deter walking by residents. This is a safety concern to all that walk on a daily basis. |
| Tot | al capital as part of FY 2020 | \$1,049,635 | |
| | | | |
| | Pro | posed FY 2020 C | Capital Projects Funded By Bonding |
| Public Wks- Highway | Roadway Improvement | \$1,200,000 | The Dept of Public Works recently completed a pavement management inventory and survey to determine the overall condition of the roadway system. A budget analysis was completed and one scenario outlined funding levels that would be required to maintain the average PCI (Pavement Condition Index) across Town. The results of this budget analysis indicates that an increase in funding is necessary to supplement the Chapter 90 monies currently provided by the state. In 2018, The Town of East Longmeadow was granted approximately \$580,000 from the state and we are requesting additional funding to maintain the current PCI and decrease the current backlog of work. Price includes design work for TIP money. The projected pavement backlog will increase by more than \$4.5M over a ten-year period. |
| School - MS | Interior & Exterior Door Replacement - Purchase and Install (Final Phase) | | Over the past 3 years we have received \$95,000 that covered the replacement of 52 new door leafs in our school. Due to unforeseen costs of the door project and tighter security protocols now in place, we are requesting this additional funding to complete the door project at Mapleshade School. We are 13 leafs short of completing the entire school's door replacements: Hallway fire doors (6), gymnasium back entrance (2), main entrance (4) and South Wing exit (1). Without this last piece of the door replacement, Mapleshade will continue to have safety concerns on some exterior and interior doors, and the building will not be energy efficient. |
| F | Y 2020 Projects for bonding | \$1,250,000 | |

| | | Er | nterprise Funds | | | | | | |
|------------------------------|---|-------------|--|--|--|--|--|--|--|
| | Sewer Enterprise | | Funding from the Sewer Enterprise | | | | | | |
| Public Wks- Sewer | Inflow & Infiltration/Sewer rehab | \$100,000 | This funding will be combined with funds appropriated in FY18 and FY19 to complete an infiltration/inflow evaluation of the Town's sewer system and implement follow-up flow isolation, TV inspection, smoke testing and dye testing work if warranted as well as assist with rehab on deficiencies that may be found. Revised MA DEP regulations issued in April 2014 requires sewer systems to be evaluated for excessive I & I by July 2018 and to implement a program to reduce I & I. In addition with compliance with DEP regulations, these efforts will help reduce operating costs to the Springfield Water & Sewer Commission. | | | | | | |
| Public Wks- Sewer | Sewer/Drain Camera Replacement - Purchase and equip | \$130,000 | Main line camera used to help detect faults, breaks and other pipeline failures, conduct I & I study and assist DPW in locating and repairing pipe failures. The camera is no longer working and parts to repair it are not being made anymore. The alternative to purchase would be to hire private camera contractors to do this work. | | | | | | |
| Public Wks- Equipment | JD 50G Mini-Excavator - 25% (total value \$71,567) | \$17,892 | This is the second year of the request for a mini excavator. We currently have been renting this kind of excavator for many jobs for the department. We currently are using a mini for doing water services on all our water main replacement projects. The excavator causes less disturbance than our larger backhoes and digs a much cleaner trench without the big mess. It would be a great addition to the department. If not funded we will need to rent this piece of equipment for all our water service installs, therefore the rental cost would need to absorbed into our operating budget. | | | | | | |
| Projects to b | pe funded from Sewer | \$247,892 | | | | | | | |
| Enterprise F | und | | | | | | | | |
| | | | | | | | | | |
| | Water Enterprise | | Funding these from the Water Enterprise | | | | | | |
| Public Wks- Water | Maple St. Water Services/Interconnections Upgrades | | The project will complete Maple Street water main replacement in its entirety. The old 6" main has a history of breaks and is tuburculated, restricting flow and water quality. In addition, waiting for this project will mean the delay of paving Maple Street. Bonding for this item | | | | | | |
| Public Wks- Water | Prospect St. Composite Elevated Tank Painting | \$1,301,000 | Exterior of tank has a significant amount of visible corrosion. The MA DEP requires the tank to be painted. Bonding for this item | | | | | | |
| | be bonded from the Water | \$2,136,358 | , | | | | | | |
| Enterprise | | | | | | | | | |
| Public Wks- Water | JD 50G Mini-Excavator - 75% (total value \$71,567 | \$53,675 | See notes in Sewer Enterprise. Funding from the enterprise general fund. | | | | | | |
| Projects to be Enterprise | pe funded from the Water | \$53,675 | | | | | | | |

| | Stormwater Enterprise | | Funding from the Stormwater Enterprise | | | | | |
|---|--------------------------------|------------------|---|------|--|--|--|--|
| Public Wks- | F250 Truck with Utility Body - | \$45,000 | For Stormwater Foreman to use to perform duties | | | | | |
| Stormwater | Purchase and Equip | | | | | | | |
| Projects to be funded from Stormwater \$4 | | \$45,000 | | | | | | |
| Enterprise F | und | | | | | | | |
| | | | | | | | | |
| | | FY 2020 Projects | to be funded from other sources | | | | | |
| Recreation | Pine Knoll Upper Lot Paving | \$55,000 | FUNDING WITH CASINO MITIGATION FUND This will allow Red Dept to proceed with plans to move office to that facility and encourage more use of that facility. This project also addresses safety, liability & ADA concert The lot is used for day camp, pool & sports participants, rental groups. | e | | | | |
| Fire | Lifepak Monitor/Defibrillator | \$47,159 | The Lifepak 15 V4 EKG Monitor/Defibrillator is needed for the EMS ambulance service to transition to the advanced life support level in care provided. Addititional info in Attachment E. Will be funded from the "Spec Revenue Ambulance Account" | cial | | | | |
